

TRANSFORM LIVES WITH IBEC

IBEC consultants serve part time, as needed, and come with skills, experiences and talent from many business-related professions, including:

- + Entrepreneurs and Innovators
- + Management
- + Accountants
- + Agricultural Experts
- + Strategic Thinkers
- + Investors
- + Engineers
- + Legal Advisors
- + IT Experts
- + Product Developers
- + Marketers

If Business as Mission resonates with you, but you have limited time to invest at this point in your career, we have other options for you to stay connected to IBEC Ventures and help advance this Kingdom work.

Consider investing in one of the projects we are working on, serving as a subject-matter expert on a limited basis, or helping us connect with likeminded people in your sphere of influence who share your desire to make Jesus known among all peoples.

Business as Mission (BAM) integrates the *Great Commandment* (business) with the *Great Commission* (mission). Through IBEC Ventures you can use your business expertise to transform lives, families and communities.

For additional information or to find out how to take your next step with IBEC, email us at info@IBECventures.com.

IBEC VENTURES

IBEC Ventures is a Business as Mission (BAM) consulting firm designed to help grow values-driven businesses in unreached and underdeveloped areas of the world. We are a team of highly talented Christian consultants and subject-matter experts. Our objective is to serve Kingdom-business clients who are committed to the quadruple bottom line:

1. Profitable and sustainable
2. Job and wealth creation
3. Spiritual capital—followers of Jesus
4. Stewardship of God's creation

WHAT IBEC VENTURES DOES

Overseas consulting services include:

- + Assessment of opportunity
- + Qualification of business opportunity
- + Develop values-based business plans
- + Mentoring in capitalization
- + Market assessment and planning
- + Problem solving
- + Financial planning

WHY WE DO WHAT WE DO

Jesus gave us both the Great Commandment — “Love your neighbor as yourself” — and the Great Commission — “Go and make disciples.”

Yet, due to war, ethnic tension, disease and civil strife, half of the world's population still exists on less than \$2 per day. More than 60 percent of the world is still deemed “unreached,” meaning they have not heard the gospel, do not have a church, or do not have the Bible in their language.

The cost of sending a traditional missionary family from North America can exceed \$100,000 a year. Even with support, these missionaries often cannot gain access to the people who need the gospel the most as more and more countries are closing their doors to professional religious workers.

The question becomes, what are we to do?

YOUR ROLE IN BAM

For years traditional missionary efforts have relied on financial resourcing from donors. Many of these donors are businessmen and women, blessed by God, who have faithfully given of their treasure in support of missionaries and the agencies that send them. Financial resources can accomplish ministry objectives, but the steward's time and talent is often overlooked.

Through BAM and IBEC Ventures it is possible for you to give of your time and talent in addition to your financial resources. If you love God, have skills and some margin with your time and finances, we would like to help you leverage what God has given you in order to transform lives.
