

WE INVEST IN OUR TEAM

When people join our consulting team, we know they have experience that will be valuable to our clients, both startups and established businesses. We also know that providing our consultants with specialized BAM consulting training and access to IBEC's 10+ years of BAM consulting resources and partnerships benefits our consultants and our clients. **The IBEC Consultants Training Program and Resource Library** helps our consultants be even more effective in coming alongside our clients in their challenging business, cultural and spiritual environments.

IBEC CONSULTANTS

GET IN THE GAME

KINGDOM-BUILDING BAM CONSULTING

IBEC Ventures is a Business as Mission (BAM) consulting firm designed to help grow values-driven businesses in unreached and underdeveloped areas of the world. We are a team of highly talented Christian consultants and subject-matter experts. Since 2006, we have served Kingdom-business clients around the world who are committed to the quadruple bottom line:

1. Profitable and sustainable
2. Job and wealth creation
3. Spiritual capital—followers of Jesus
4. Stewardship of God's creation

GAME CHANGING VALUE FOR CLIENTS

We believe we have a unique opportunity to use business as a tool to impact the Kingdom of Jesus Christ. We do that by developing the strongest team of consultants possible and equipping them to bring unique value to each and every Business As Mission client.

Our team consists of men and women from a variety of business backgrounds, each blessed with God-given skills, experiences, and talents. They specialize in accounting, legal advice, sales and marketing, strategic business development, operations, engineering, IT and other business functions... individuals who have a relentless passion and desire to serve God's kingdom through business.

PRACTICAL COACHING AND TEAMWORK

IBEC consultants don't stand on the sidelines, they're in the game, side by side with clients. Clients benefit from having a 1:1 relationship with a lead consultant along with access to subject-matter experts and IBEC's strategic partners. Our team addresses a variety of startup and ongoing business needs including business development, case statement design for investors, and implementation planning for day-to-day operations. Our consultants serve as business coaches who bring added expertise in addressing the challenges faced by both natives and expatriates operating overseas BAM businesses.

LET'S TALK

IBEC clients have two things in common. They understand the power of business to transform lives in economically and spiritually impoverished communities...and they understand the power of having an experienced Business As Mission (BAM) coach to put their vision into action.

IBEC helps clients who desire to expand overseas as well as those who already operate in the international sector; and we can be an on-ramp for Kingdom startups embarking on their cross-cultural BAM journey. We are also experienced working with faith-based NGOs, agencies, churches and universities seeking to equip their constituents in the pursuit of successful BAM strategies.
